

**CABLE BEACH**  
One of the most beautiful stretches of beach in the world. Cable Beach takes its name from the cable which linked Broome with what is present day Indonesia. Stingrays may be present during the months from Nov to May. Always check by asking the Broome Visitor Centre before swimming.

**BROOME PEARLING HISTORY**  
Broome owes its early beginnings to the discovery in 1861 of the giant pearl oyster *Pinctada Maxima* which led to the establishment of Broome's pearling industry.

**LOW TIDE**
